New Suominen – new strategic direction
Mission

We provide products and solutions that **create convenience** to people’s everyday life.
The three cornerstones of the strategy

- Suominen Way
- Step Change in Profitability
- In the Lead

How we work
How we operate
How we win

Suominen Corporation
26 March 2013
We are building common ways of working

• **Common culture:** Empowerment, Accountability, Passion

• **Creation of common management systems**
  - Incentive system renewed during 2012, effective as of the beginning of 2013.

• **Ensuring common ways of working**
  - Integration of the business acquired from Ahlstrom
  - Recruitments to strengthen the creation of common corporate culture
We have taken significant actions to improve our profitability

- **Suomenen Summit program**
  - The program even slightly exceeded its target, cost savings appr. 10 M€

- **Streamlining of operations**
  - Rationalization of nonwovens production and closing down of the in-house production of polypropylene staple fibers at the Nakkila plant

- **Demand-driven production**
  - Temporary layoffs at Flexibles Tampere unit

- **Continuous improvement of efficiency and productivity**
Customer is in the heart of our strategy

- Our aim is to accelerate our customers’ business.
- We have introduced measures to increase the share of products with greater added value.
- We have boosted the efficiency of the product development and project activities by
  - introducing new common tools and ways of operating
  - renewing the development organization of the Nonwovens business unit.
Increasing the share of products with greater added value

Today

Value for Money

In the future

Products with higher added value
Customer is in the heart of our strategy

• Our aim is to accelerate our customers’ business.
• We have introduced measures to increase the share of products with greater added value.
• We have boosted the efficiency of the product development and project activities by
  • introducing new common tools and ways of operating
  • renewing the development organization of the Nonwovens business unit.
• We strive to understand the needs of the end-users even better than earlier.
Understanding the end-user is crucial in the strategy
Sustainability at Suominen

• We provide products and solutions that create convenience to people’s everyday life, and we want to do that in a sustainable way.

• We develop our ways of working in a way that our employees are empowered to continuously improve processes for the sake of the environment and safety, for instance.

• The key environmental impacts of Suominen’s operations are related with
  - use of raw materials in production
  - consumption of energy
  - consumption of water
  - treatment of the waste generated during the production process.

• The first Sustainability report of Suominen is included in the Annual report of 2012.
Our expectations for 2013 and beyond
Outlook for 2013

• The company estimates that its net sales for the full year 2013 will remain at the level of 2012.

• Operating profit excluding non-recurring items is expected to improve from year 2012.

• In 2012, Suominen’s net sales were EUR 454.9 million and operating profit excluding non-recurring items EUR 13.7 million.
Ambitious medium-term financial targets

Suominen aims to:

• Clearly improve its relative profitability. The target level of the company’s return on investment (ROI) is to be above 10% (0.4% in 2012).

• Have a solid capital structure with a gearing ratio principally between 40% and 80% (100.7% in 2012).

• Increase its net sales at a rate that exceeds the average growth rate of the industry.
